Two young Italian entrepreneurs, Andrea Viganò and Luca Catalano, in their desire to combine tradition and innovation, have decided to "challenge" the crisis, remaining in the country they love. Which is why, in 2012, they founded an online boutique with **the aim of enhancing and promoting Italy abroad through its craftsmanship and creativity.**

FINAEST.COM differs from "display" websites because it is not limited to the mere sale of the product, but intended to convey the history and craftsmanship behind it, by providing elements which are necessary to appreciate the qualities that would otherwise go unnoticed.

To celebrate the **thirtieth anniversary** of the [Amici del "Centro Dino Ferrari"](#) association and the upcoming **Christmas**, FINAEST.COM will donate **10%** of their Online sales of all products sold to the association in question, starting from Monday the **1st of December** until Monday the **22nd of December** (included).

"**Centro Dino Ferrari**" was founded in 1978 by **Prof. Guglielmo Scarlato** and engineer **Enzo Ferrari** is situated in the Clinical Neurology Institute at the Hospital Polyclinic of Milan.

Thanks also to contributions of the association through the organization of events and fund raising for research further progress in the "Centro Dino Ferrari" has, over the year, obtained significant scientific results. Results that, in the coming years, foresee further progress in the diagnosis, prevention and treatment of neuromuscular and neurodegenerative diseases: **Muscular Dystrophy, Spinal Muscular Atrophy, Lateral Amiotrophic Sclerosis, Alzheimer's Disease, Parkinson's Disease and Multiple Sclerosis.**

To continue with this mission everyone's help is fundamental.
